## About A-1 Alarm

Are you worried about the safety of your home? Is your home protected against thefts and fires? If not, think about A-1 Alarm. They've been in business for almost 4 decades and provide affordable, custom designed, residential, commercial, and dependable security systems. No matter what time of day it is, someone is always on call to make sure that nothing happens to your home or family. If something were to happen, the Local Central Station has direct hotlines to the local Police and Fire Departments. A-1 Alarm has all the necessary capabilities to install, maintain, and monitor every system. Technicians and dispatchers are available 24 hours a day to ensure that you talk to real person and not a recorder. They want you to feel as safe and comfortable as possible in your home, in town or the rural area.
